

South Adams will return to standard operational practices that follow Board policy and student handbook guidelines concerning the health and safety of our students, staff, and school community. However, SA will continue to implement many of our enhanced distancing, cleaning and sanitizing procedures that we have learned have a positive impact on the health of our entire SA family. Our goal is to continue best practice for healthy learning environments.

South Adams School District

2023-2024

Healthy Operations Plan

Return to School - CAMPUS

All students will attend traditional, in-person school each day.

Normal routines will be followed.

Visitors are welcome.

Return to School - HEALTH

STAY HOME WHEN SICK!

Fever of 100 or greater, sore throat, cough, diarrhea, nausea, body ache or fatigue, headache, loss of taste or smell.

BRING YOUR PERSONAL WATER BOTTLE

Enhanced focus to practice personal hygiene measures - frequent hand washing, utilize hand sanitizers.

School nurses will provide quarantine guidance ONLY for cases that are school related.

Return to School - OPERATIONS

Attendance

If your child is quarantined at home, teachers will work with the student/family on homework assignments. Parents should follow school attendance reporting procedures if their student is absent.

South Adams continues to collaborate, share information, and review plans with the Adams County Health Department and the Indiana State Department of Health to help protect our entire Starfire community, including those with special health needs.

All details of this plan are subject to change based on Local and Health guidance and/or mandates.
